

Predicted reaction times holdout data for participant 1, p-value=0.82342

Predicted reaction times holdout data for participant 2, p-value=0.71493

Predicted reaction times holdout data for participant 3, p-value=0.00150

Predicted reaction times holdout data for participant 4, p-value=0.04680

Predicted reaction times holdout data for participant 5, p-value=0.69113

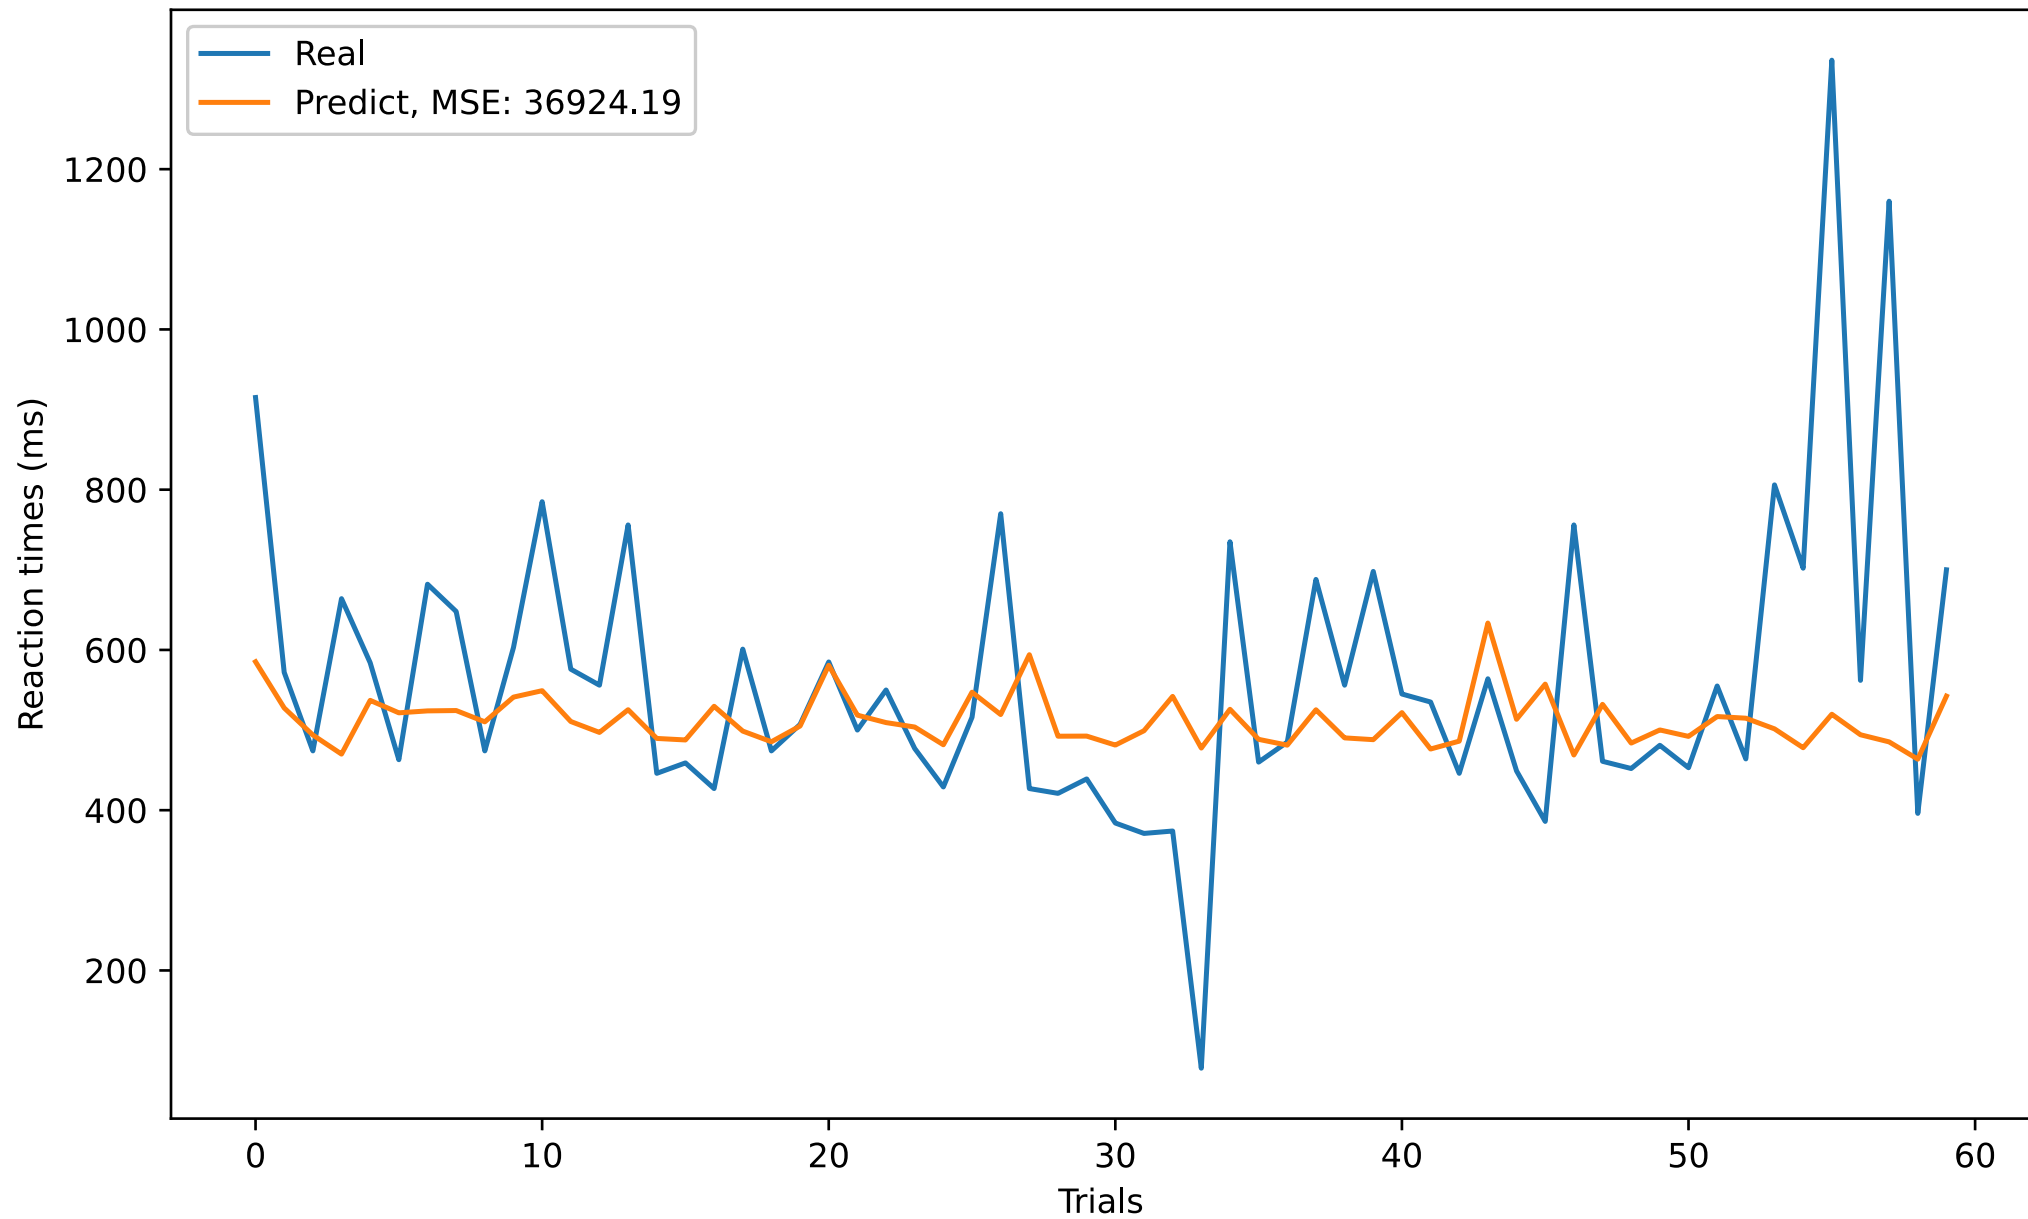

Predicted reaction times holdout data for participant 9, p-value=0.99910

Predicted reaction times holdout data for participant 10, p-value=0.21378

Predicted reaction times holdout data for participant 11, p-value=0.24788

Predicted reaction times holdout data for participant 12, p-value=0.50525

Predicted reaction times holdout data for participant 13, p-value=0.67463

Predicted reaction times holdout data for participant 14, p-value=0.20368

Predicted reaction times holdout data for participant 15, p-value=0.85001

Predicted reaction times holdout data for participant 16, p-value=0.07109

Predicted reaction times holdout data for participant 17, p-value=0.31967

Predicted reaction times holdout data for participant 18, p-value=0.08569
